Hello,

We checked USAC's FCC 472 form tracker and discovered that the FCC form 472, for Invoice ID 2404962, reports status as "Pending Validation."

We contacted USAC, receiving case number 166437, and were directed to submit a waiver request directly to the FCC. USAC explained that the situation was caused due to the changes made by the FCC to the process.

We, therefore, request a waiver to the FCC form 472 deadline, and allow us to submit a new FCC form 472 for reimbursement.

Thank You,
Paul Schettner
